

HOW TO FEED LACQ UNIT WITH MAGNETS?

FROM EOL EQUIPMENTS KNOWLEDGE TO AN INDUSTRIAL DISMANTLING UNIT

Partnership with MTB, French Recycling Company
whis valorizing non rare Earth Materials

In order to ensure **supply of sufficient quantities** to our recycling unit, we are now :

- ➔ Moving the activity to a **larger industrial site**
- ➔ **Industrializing** the process of dismantling and demagnetization

In 2 years, we have dismantled more than **3900 equipments**
We now have a full database enabling to **rank** all type of equipments x brand by :

- ➔ Quantity of magnets
- ➔ Quality of magnets
- ➔ Cost to extract magnets
- ➔ Detailed content of non magnet materials
